No intent to offend anyone.

Suspicious orders are when an organization orders an unexpected volume of controlled substances. HDMA has notified me that they are looking at this and will make a recommendation. DEA has in some cases required this.

I, too, have concerns that this letter is omitting other critical voices, so made some recommended adjustments. There is one comment that I feel should be addressed, for sake of clarity.

Burt,

I made some revisions to reflect Judy's (and my) serious concerns about the invisibility of HPNA and nurses in this process. Thank you for including the language. Once the changes have been made, I am certain that Judy will be happy to sign on to the letter on behalf of HPNA.

Thanks.

Joy

I approve of this and you are more than welcome to send to Burt indicating that you and I have spoken and I agree with your changes feeling that my "caveat" has been met in this version.

Subject: Follow up letter to Dr. McLellan

At the PCF meeting Dr. McLellan suggested a follow up letter to him as a way to set up a process for continued collaboration. Would you like to sign on to the attached letter? Please be conscious of the difficulty in editing with 50 plus people, so only if necessary.

For those who wish to sign, please let me know by Friday.

Many thanks
